“ I have known Beverly since we were in grade school in Topeka, KS. We were the "best of friends". We reconnected about 25 years ago and our yearly connection since then has been on her birthday, This year when I called on her birthday I was surprised that the phone number belonged to someone else and they lived in another state. I am so sorry I miss talking to her. It was by chance that this evening I decided to google her name and came up with her passing. I will be praying for your family.
