“ I didn't get to know Jim personally. He was my supervisor, but he was a good man. A fantastic supervisor that cared for the employees and the people he worked with. He will be missed

“ My condolences to Joe and the fur-baby boys! Prayers and peace to Jim's family and MANY friends.

More than 19 years ago I met you Jim, and Joe, learning the ropes in Clarksburg, driving from Morgantown to check on things. Little did I know we'd be out trying to find someone who eloped! So many people have passed through our services and so many meetings on how we could make their lives better. How many lives changed in all the years past. You touched so many lives who looked forward to your visits; their trust in you to take care of something. We transitioned quite a few individuals through the CRU who might not have gotten a chance to live independently. I will recall, too, the many on-call weekends we couldn't do much but laugh. Oh, the coffee we drank! The parties and picnics and dinners planned. The Cowardly Lion and the "Pumpkin Man" who played Michael Jackson for a little lady! Lots of memories for those you loved, and loved you.

You loved your 'job' with a passion that cannot be found now a days. and I will remember that above all, along with your 'Good Morning, Deb.'

Rest easy now, Jim! Don't worry--we got Joe.

“ Jim, I couldn't believe what I was hearing when Angie called yesterday. We've only been friends a couple years ago when I came to work at REM, but I always felt a comfort/peace in the room when you were around. At work, I'd listen for your voice to echo from Angie's office; that indicated it was either lunchtime, quitting time or a meeting of the mis-stress minds. You will ALWAYS be missed, but NEVER forgotten. I almost forgot, "have you completed your billing?" LOL Love ya, buddy
